

Dear Friend:

Friendship of Women, Inc. is a 501 (c) (3) public charity founded in 1977. Our mission is to provide leadership and comprehensive services to empower and promote safety, health, and the overall well-being of adults and children impacted by family and sexual assault. Our commitment is rooted in creating social change through advocacy, education, prevention, and provides a safe home for victims and their families.

October is observed as National Domestic Violence Awareness & Prevention Month (DVAPM). In light of the health pandemic this year, Friendship of Women, Inc. will be hosting virtual events during the week of October 19-23, 2020. Our online events will consist of presentations about domestic violence and hands-on virtual activities. Our goal remains the same to bring the community together, to remember the lives of those who have passed away and celebrate the lives and strengths of survivors. During these instances we build new relationships with new community partners and strengthen our relationships with those who work endlessly to eliminate domestic violence.

Through the support of our local and surrounding communities we have provided life saving and supportive services to thousands of victims. We know your agency has as its mission to give back to the local community, and we greatly appreciate your support in years past. We would like to take this opportunity to ask for your continued support and generosity in accomplishing our mission towards creating a safe place for victims and their families. Please know that there is no donation too small, every gift will make a difference, and of course, all donations are tax deductible.
