Friendship of Women seeks qualified architectural and engineering services to assist in the renovation of an approximately 2,100 square feet structure at 315 Old Port Isabel Road from the current occupancy of offices into temporary shelter space in order to provide more service to the community.

Funding is proposed to come from the City of Brownsville Emergency Solutions Grant – CV (CARES) Program.

Bids must include the following required services:

I. Statement of Qualifications

A competent architect/engineer will possess experience administering federally-funded housing projects. Proposals must disclose past clients, types of programs administered, and resumes of all employees who might provide technical assistance under the winning contract.

II. Scope of Work

Friendship of Women, Inc. (FOW) is a non-profit organization that operates/administers an emergency shelter for survivors of family and sexual violence in Cameron County. Our mission is to provide leadership and comprehensive services to empower and promote safety, health, and the overall well-being of adults and children impacted by family and sexual violence. We seek social change through advocacy, education, and prevention, and provide a safe home for victims and their families. FOW's emergency shelter serves as a safe haven for women and children feeling an abusive relationship or following sexual assault victimization. Families are assisted with food, clothing, case management, peer support services, child advocacy services, and more.

The general program of the renovation will include

- Shelter units (sleeping units with individual restrooms)
- Shared Kitchen
- Shared Dining area
- Pantry
- 2 staff offices
- Staff Restroom

MISSION STATEMENT

The Friendship of Women, Inc. mission is to provide leadership and comprehensive services to empower and promote safety, health, and overall wellbeing of adults and children impacted by family and sexual violence. To seek social change through advocacy, education, prevention, and provide a safe home for victims and their families.

All contractors and subcontractors must pass a debarment check through the System for Award Management (SAM.gov) AND be cleared (not suspended or debarred) prior to any formal action authorizing the award of a contract to the architect/engineer.

Architectural:

- Provide existing dimensions of interior and exterior of structure
- Provide floor plan for renovation of existing structure
- Confirm proposed floorplan meets owner needs and building code requirements
- Obtain construction permits

Mechanical, Engineering, and Plumbing:

- Design of new mechanical system
- Evaluation and possible design of electrical system
- Plumbing design of modified/new restrooms

Civil Engineering:

- Design of fire sprinkler water supply line
- Evaluation of existing on site utilities and design of proposed on site utilities
- Evaluation of existing water supply and pressure for use
- Evaluation of existing wastewater service line capacity

Proposers must describe tasks they would perform to comply with the above duties.
